Bring a friend to a night
'down under'
Help dispel the myths!

10th September 2009

International Gynaecological Awareness Day

6.15 pm for 6.45 pm

St Catherine's College, UWA

Guest Speakers:

Kath Mazzella, OAM

*Founder of Gynaecological Awareness Information Network (GAIN)
and International Gynaecological Awareness Day!*

Glen Wilson

International Continence Consultant

Did you know?

- In WA in 2005, 370 women were diagnosed with a gynaecological cancer and 125 died from one?
- More 'just in time' and less 'just in case' might have helped 4 million Australians reduce their risk of incontinence?

What really goes on down under? Do you suffer from 'under wear and tear'? This evening with Kath and Glen will put a smile on your face as they go on a journey of discovery to dispel the myths and stop you becoming a statistic...!

Bring some knickers for the refuge:

While we are thinking of things 'down under' why not bring some new knickers for the ladies at the Zonta House Refuge? All sizes are welcomed!

RSVP

by 12 noon Monday 7th September

to zontaperth@yahoo.com.au

(Note: Members will be charged for the \$40 dinner if no apology is received)
